

JAHIDUL HASSAN RIFAT

About Me

Computer Science and Engineering graduate from BRAC University with hands-on experience in WordPress website development, Elementor, and graphic design. Built and manage Jump Hive Learning, a live website developed using WordPress and Elementor, with experience in page design, content management, and website maintenance. Skilled in Adobe Photoshop, Adobe Illustrator, and Canva. Currently expanding my web development skills through a Full Stack AI Development course, with a focus on modern web technologies and practical project development.

Experience

Founder & Website Administrator | Jump Hive Learning

- Built and manage a live website using WordPress and Elementor.
- Designed and customized website pages, layouts, and content sections.
- Managed website updates, content publishing, and overall site maintenance.
- Created visual assets and graphics for website content.
- Focused on creating clean, user-friendly, and visually consistent web pages.

Freelance Graphic Designer | Freelancer.com

- Designed posters, social media graphics, banners, and promotional materials.
- Worked with clients to understand requirements and deliver designs accordingly.
- Used Adobe Photoshop and Adobe Illustrator to create and refine design materials.

Full Stack AI Development — Ongoing

Currently developing foundational skills in modern web development, including HTML, CSS, and Tailwind CSS, with the course progressing toward JavaScript, React, Node.js, Express.js, MongoDB, and advanced full-stack development.
